## REPORTS.

## Report of Board of Managers Epworth Orphanage.

Dear Brethren: As Chairman of the Board of Managers, it becomes my duty to transmit to you a report of Epworth Orphanage for the year ending September 30th. There have been admitted to the Orphanage during the year 22 boys and 22 girls. Seventeen boys and 20 girls have been discharged during the year. At present there are 86 boys and 114 girls in the institution. There presides a matron over each home, and one over each of the following departments of work: Kitchen, dining rooms, laundry and sewing rooms. Seven teachers have charge of the school under the direction of the Superintendent of the school. All the children except 21 are members of the Church, and they are too young. They all attend chapel service every morning, and divine service every Sunday. The health of the children has been good. One death, caused by accident.

## FINANCIAL STATEMENT.

*Receipts.*

Amount on hand October 31, 1918.....	\$ 2,673.38
Contributions, interest, etc.....	103,000.01
Total .....	\$105,673.39

*Disbursements.*

Expenditures .....	\$103,122.40
Amount on hand (1919).....	2,550.99
Total .....	\$105,673.39

## IMPROVEMENTS.

While many minor improvements have been made which do not appear to the casual observer, there have been extensive ones made in the Irving, the Williams, the Walton and the Leonard Homes. These have added both to the convenience and the appearance of the buildings. Besides these, a new dairy barn has been built, adjoining which have also been built a large terra cotta silo, engine and pump houses. A deep well with an electric motor pump, automatic in action, furnishes water for the dairy. This dairy is up-to-date in every particular, having ample sterilizing facilities, where the milk containers are thoroughly sterilized every day.

## SCHOOL.

Three pupils were graduated from the eleventh grade and five from the tenth, in June. Of these, two girls have been provided for at Columbia College and are now in the Freshman class. Of the older graduates, two are in the higher classes. The work of the High School is excellent, while the primary and intermediate grades are doing only fairly well, owing to the crowded condition of the classes. The present term began on the eighth of September, and has been uninterrupted in its work. The need of a new school building is most imperative, but the cost at present is prohibitive, unless our people will provide the necessary means, and for which they will be asked in the near future.

## FARM.

The farm has not measured up to our hopes, owing to changes in the management, and other causes. With the carrying out of our new plans, we look for better results in the future. However, we are glad to report that the oat crop was good, the yield being estimated at five hundred bushels. On three acres of land we made forty-eight bushels of wheat. The corn crop is estimated at six hundred and fifty bushels; the hay crop at thirty tons, besides two fields of velvet beans which are being used for grazing purposes for both cows and hogs. Several bushels of velvet beans and cow peas have been gathered—more than enough for seed another year. The sweet potato crop is estimated at not less than five hundred bushels. The vegetable farm was not a great success, yet it is estimated that it would have cost at least \$1,500.00 to have bought the vegetables used on our tables, if they had been bought from the markets.

## DAIRY AND STOCK FARM.

This branch of our industry has been very profitable. Several cows have been bought, and undesirable ones exchanged or sold, until we now have twenty good milch cows, from which we obtain a daily average supply of fifty-five gallons of milk. At the prevailing price of milk, the dairy is a very important industry.

We have thirty-six hogs, which will be killed and used for supplying our tables with meat during the winter months. These hogs, when ready for use, will average two hundred or more pounds each, and having been fed largely from the scraps from the kitchen, the cost to the Orphanage has been small.

## MARBLE YARD.

This, as an industrial department, has furnished employment to eight boys, and has shown a profit, as will be seen from the following statement:

*Cr.*

Cash receipts .....	\$12,649.88
Bills receivable .....	3,681.10
Stock on hand .....	5,588.78

Total .....	<u>\$20,247.80</u>

## PRINTING OFFICE.

Four boys have been employed in this department under the instruction of an experienced foreman. Including the work done for the Orphanage, it has paid its running expenses, but with very little profit. See following statement:

*Cr.*

Cash receipts .....	\$ 867.15

## GENERAL STATEMENT.

I am glad to report that our Board of Managers is working in perfect accord and as a unit to make the Orphanage a credit to the Church; and all that is now asked is that time and substantial financial backing be given it by the Methodists in order that it may carry its plans into successful effect.

We are encouraged by the great interest manifested in the recent Work Day, and believe this to be a vote of confidence on the part of the people. We will, therefore, further our plans to the end that the Orphanage be put in position to give to the dependent children of the Church opportunities and advantages second to none.

Besides our efficient Executive Committee, there are four special committees which are carefully studying the needs of the Orphanage. These are Committee on Discipline, Improvements, Expenditures and General Needs; Committee on Finance; Committee on School and Recreations; Committee on Sanitation and Health. In this way each member of the Board, through its committee system, is given an important part of the work to do, which, besides the material benefit to the Orphanage, makes him feel the responsibility which the honor of Trustee and Manager carries with it.

If provided with the means, we will carry out a progressive program, and make each improvement at the time it is most needed.

It gives me pleasure to add my endorsement and appreciation of the efforts which the Superintendent, Rev. T. C. O'Dell, is putting forth to make Epworth Orphanage a credit to the Church, and we respectfully request the Bishop to reappoint him Superintendent for another year.

Thanking the Church for its co-operation during the year, I beg to remain, in behalf of the Board,

Very truly yours,

GEO. W. WILLIAMS, *Chairman.*

## Report of the Board of Education—No. 1.

Reports received by the Board of Education from our various educational institutions have been carefully studied. They reveal unto us a state of things that is both a source of gratification and a challenge to our wisdom and to our Church loyalty. In every

institution's report there is made mention of debts of long standing being gradually reduced. Every institution is full to overflowing with the very flower of our Methodist homes. In each there is a body of students larger than ever assembled in our schools seriously bent upon preparing themselves for life in its most serious and responsible relationships. Never in the history of Methodism in South Carolina have there been more young men and young women in our schools. Yet many students have had to be turned away for lack of room in which to house the applicants for admission into the college and preparatory classes. We are glad that our people are coming more and more to realize the value of Christian Education, and that they are showing an ever-growing disposition to patronize our own Church schools.

But the fact that we can not accommodate those who are looking to the Church for an opportunity for Christian training and a preparation for a life of service to Church and State, to God and humanity, should arouse our fighting spirit. The demand that our young people are making for a Christian education is a challenge to our faith, our zeal and our business judgment. As a Church, if we are to fulfill Methodism's mission in South Carolina, we must furnish at once the means for enlarging our plants at Wofford, at Columbia and at Lander; we must improve our equipment at each of these colleges; and we must pay better salaries to the true and tried men and women who are giving their very lives to furnish the Church with the better type of leadership.

The following is a synopsis of the reports rendered by the various institutions:

*Wofford College.*—With the opening of the present session, Wofford begins a new and a better and larger era of usefulness and influence under the most promising auspices. The session began with an enrollment of 269 students, which is twenty-four more than it had at this time last year, and forty-nine more than the college had on the first day of January last, after the demobilization of the S. A. T. C. unit. The normal increase in the enrollment is, therefore, forty-nine. Another significant fact is that there are forty-two more men in the present Freshman class than enrolled in that class during the whole of the last session. The upper classes are relatively small, as forty per cent. of the S. A. T. C. failed to return after being demobilized last December. There are twelve professors and instructors in the college, to whom are paid average salaries of \$2,500 for professors, and \$1,500 for assistant professors. This is an increase of only 25 per cent. for the past few years, while the cost of living has advanced to a much greater degree. The faithful men who are doing so much to make possible the successful work of the Church both at home and in the foreign field cannot support their families on less.

The total income of the college for the past year was \$39,000.00, derived from tuition fees, income from endowment, Conference assessments and one small legacy. The total value of grounds, buildings and equipment is given as \$402,550.00; while the college has a productive endowment of \$189,189.13, and loan funds amounting to \$14,158.00. The total indebtedness of the institution is now \$29,829.00, which shows a reduction in indebtedness of about \$4,000.00 for the past year. Against this indebtedness the college has assets from the Spartanburg subscription of 1916 amounting to \$22,522.00. It is an encouraging fact that some of the Methodists of South Carolina continue to think kindly of Wofford and

endorse the work that it is doing. This fact is seen in the fact that unsolicited gifts amounting to \$11,119 were received by the college during the past year.

The moral tone is reported as being fine. There are sixteen ministerial students now in the institution. It is the endeavor of those in charge to make the whole tone and the ideals of the college foster the Christian life of the students. No specific course in religious pedagogy is offered by the college, but all the students are required to take three years in the English Bible under Dr. Rembert; while the President gives to the senior class a required course in Christian ethics.

Wofford stands definitely and seriously in need of the following things in order that it may render the Church and State a greater service: Not less than \$500,000.00 should be added to its endowment; \$100,000.00 is needed for another dormitory; \$50,000.00 for a combined gymnasium and Y. M. C. A. building; and \$50,000.00 for repairs, equipment and improvement of the present plant. This great institution has done too much in the past, and the demands upon it now are too great to permit its progress to be halted, its usefulness crippled, in this critical time, for a lack of means. Our people are financially able to do all the above, if they only would. Will not the sons of old Wofford arise in their might and come to the rescue of their alma mater?

*Columbia College.*—This fine old institution, rich in service rendered, and in the fine contributions it has rendered to the home and Church life of our beloved Methodism, is steadily emerging from the besetments and handicaps under which it has faithfully tried to do its work. The claims that it is making upon the patronage and good-will of our people are gradually growing. A new and better day is dawning for Columbia College.

The present session began with an enrollment of 292 students, which is only nine short of the entire enrollment for the past collegiate year. There are 116 new students in the college this fall, and there would have been more had there been dormitory room.

There are twenty-two professors and instructors, receiving salaries averaging \$1,340.00 for professors and \$720.00 for instructors. This is simply inadequate and unworthy the dignity of the positions these people fill. This is an increase of only sixteen per cent. for the past few years, during which the cost of living has increased about 100 per cent., and the incomes of the producing classes have been multiplied by at least three.

The total income of the institution during the past scholastic year was \$74,000.00, derived mainly from students' fees, Conference assessments and contributions made through the Educational Commission. The total value of grounds, buildings and other equipment is given as \$290,000.00, upon which there is a total indebtedness of \$85,800.00. This indebtedness is \$10,400.00 less than it was at this time last year. Steadily and surely this large indebtedness is being decreased, and a few years of painstaking care, economy and good business management such as it has had during recent years will see this incubus so reduced that it will be negligible.

The moral tone and religious life of the student body is reported as being fine. An earnest, Christian spirit of service is manifest. One student is definitely committed to missionary work in the foreign field. Others are planning to take different phases of religious work. Every day emphasis is laid upon Christian living. Some

work is being done in religious pedagogy, and the President and the trustees are earnestly studying the question with a view of making this work more extensive and valuable. For the first time in the history of the college, in its present location, there has not been sufficient room to house the students who have applied for admission into the college classes. The Church, and especially the friends of the institution, should come to its rescue by finishing the administration building and thereby make available more dormitory room in those portions of the dormitories now used as classrooms. As a Church we could put this fine old institution out of its financial straits in two days' time, if we could only be led to see the necessity and the wisdom of such a step.

*Lander College.*—Lander College has begun what bids fair to be the greatest year in its history. For the third time in succession this college has had a record-breaking opening enrollment. The total enrollment this year was 271 on October 10. Every room in the college dormitory was taken by the 12th of last April, and to date there have been turned away more than 100 applicants for admission. This is a challenge to the Church such as it never has been face to face with before. Our pastors preach Church loyalty and urge upon our people the necessity of patronizing our Church institutions, and yet when our Methodist boys and girls go knocking at the door of Church institutions, they are told politely, but sadly, "There is no room." Lander needs most imperatively and immediately another dormitory. The town of Greenwood generously offers to raise \$20,000.00 on this building, if the Church will do the rest. This is Methodism's day of opportunity as well as of obligation.

There are twenty-eight professors and instructors in the institution, receiving average annual salaries of \$1,100.00 and \$700.00 respectively. Such salaries paid to hard-working, efficient servants of the Church bespeak a self-denial and a fidelity of no ordinary type. Such a condition prevailing in an institution doing the type of work that is being done at Lander ought to bring a feeling of reproach upon the people called Methodists; for it is a reflection on our Church.

The total income of the college for the past year was \$58,289.00, derived principally from students' fees, interest on endowment and Conference assessments. The total value of grounds, buildings and equipment is \$239,000.00. On this property there is a total indebtedness of \$31,600.00. This is \$3,500.00 less than it was a year ago. The college has a productive endowment of \$20,250.00, which is an increase over what it was last year of \$5,439.00. Six thousand dollars has been expended during the past year in improving the plant and adding to the equipment.

With reference to the character of the student body, the President writes as follows: "The moral tone is high and the spiritual life of the students is gratifying." Two recent graduates of Lander are now at Scarritt Training School, preparing for missionary work in the foreign field. The religious life of the student body is cared for by a Sunday school, a missionary society, a Y. W. C. A. and prayer meeting services, all conducted within the college. Helpful meetings were held in the college during 1918 and 1919. This institution has as a part of its curriculum a well-directed department of Sunday school pedagogy.

Lander is rendering an inestimable service to the Church. Its plant is being steadily improved; its reputation as an institution that emphasizes the higher things of life is growing; it is more and

more winning the confidence of the Methodist public. It will render a yet greater service to Church and State if its needs are promptly met. A bright future is ahead of this college, if its friends will but invest enough of their cash in it to clear it of debt and add two much-needed buildings to the plant.

Lander has applied to those who have charge of the general campaign for education to apportion to it from the proceeds of said canvass for \$230,000.00 for the following amounts: \$100,000.00 for buildings, \$280,000.00 for indebtedness and endowment, \$10,000.00 for equipment.

*Wofford Fitting School.*—This institution has had the best opening of its history. The dormitory is overflowing, and some of the students are living in tents on the campus; others are boarding out in town, because of a lack of room in the school. The present session was begun with an enrollment of 216, or eight more than the entire enrollment for last year.

There are seven professors and instructors in the school, besides two military instructors. The average pay of the professors is \$1,532.00, while that of instructors is \$676.00. These salaries represent an increase of 41 per cent. over what they were several years ago. The total income of the school for the past year was about \$7,800.00, derived from board and tuition fees. This school is situated on Wofford College campus, and occupies buildings estimated as worth \$65,000.00. There is no productive endowment, and all indebtedness has been assumed by the college proper. This school needs an additional building very much, as the assembly hall is being used at present for classes, and there is now no room for Y. M. C. A. or literary society halls.

The Headmaster reports that the moral tone of the student body is fair, and promises to be much better than it was last year. There are four or five students looking to the ministry. The religious life of the boys is fostered by a Y. M. C. A. and a regularly required course of Bible study. There is no course in religious pedagogy in the school. This school supplies an absolutely essential link in our chain of Church schools, and your board urges upon the Conference the necessity of enlarging and better equipping it.

*Textile Industrial Institute.*—This school has had a most encouraging opening, having enrolled already for the session 188 pupils as against 147 for the whole of last year. The course of study is varied, as it ranges from a primary through what would be tenth grade in high school work. The average of admission is about the sixth grade.

There are eleven instructors, who receive an average salary of \$81.00 per month. The total income of the school for the past scholastic year was \$13,075.00, derived from a variety of sources, such as Conference gifts, individual church contributions, gifts from the general Board of Missions, and from the General Board of Education, from scholarships and sundry collections. The total value of grounds, building and equipment, and model mill and other property, is given as \$419,130.00, against which there is at present an indebtedness of \$137,379.00. There has not only been a large increase in the number of the student body, but marked development in the plant also. This is seen in the largely increased property valuation and an increase of about \$100,000.00 in the indebtedness.

During the year past there has been built on the campus the model mill, an establishment in which employment is furnished those striving to work their way through school, and an opportunity

is given the students to learn the textile industry at first hand by actual practice and immediate contact with the mill itself. This model mill is expected to turn out a finished product such as will insure a dividend sufficient to make the school in a few years self-supporting. In addition to the model mill there have been built on the campus during the past year three other large buildings and six minor buildings.

Especial attention is given to the religious life and the spiritual welfare of the student body. Many of the pupils are converted and led to unite with the church after coming to the school. From time to time gracious revivals are held in the school and everything possible is done to lay emphasis on things spiritual. Among the present student body there are nine preparing for the ministry and ten for missionary work.

The President of the school concludes his splendid report to your board with the following significant statement: "We are having growing pains, but they hurt just the same." This institution is doing well a worthy and important work in the field of education that can be done by no other kind of school. It is worthy of, and we hope it will receive, the hearty endorsement and the real help of all our people.

Brethren of the Conference, and of the Church at large, we stand face to face today with the greatest responsibility that has ever confronted us of an enlarged program for Christian education. Our schools and colleges are struggling heroically to meet the demands made upon them by the Church. Yet they are being required "to make brick without straw." They are handicapped by debt and by limited equipment and insufficient room for housing those knocking at their doors for admission. We are having to turn our own boys and girls away for a lack of room. They go elsewhere and are weaned away from us, or else they become indifferent and apathetic toward the Church that would not stand by them in their hour of need. It is a source of gratification to know that we have on Wofford's campus 500 young men, and at Lander and Columbia Colleges we have 600 young women. But this is not the extent of our obligations; there are others knocking for admission and being turned away. As a Church, we had as well face at once the alternative of going into the business of Christian education more wholeheartedly and on a larger scale than ever before, or else of surrendering our heritage to other denominations of larger vision and greater liberality, writing "Ichabod" across our temple doors, and going out of business as a Church.

The Centenary was a splendid vision splendidly achieved, but that great movement will come to naught unless there be forthcoming a great host of Methodism's finest young men and women trained and equipped for leadership, fitted to spend and be spent in building our Lord's kingdom in the waste places of the earth. We have no other source to which to look for this supply of trained leaders than our denominational institutions. The raising of a great sum with which to equip and train an army of leaders is of vastly more importance than was the raising of the fine sum we have already raised for missions. Unless our schools are enlarged, and our young people given an education that is Christian, the Centenary idea will in the end prove a farce. Money without sufficient workmen of the right type back of it is worse than useless. Let us see our opportunity; let us assume our obligation; and when the proper time comes let us push the great educational drive to a signal success, where the needs of every Methodist educational institution will be met and relieved.

We close this report with a quotation from one of our most prominent laymen: "For some reason other denominations are waking up to the significance of and necessity for Christian education. The Episcopalians, the Presbyterians, the Lutherans and the Baptists are all engaged in campaigns for larger things for their schools, while we Southern Methodists so far occupy a peculiarly isolated position in providing liberally for almost every other interest except that of Christian education. No one who thinks broadly and deeply as he faces this modern world can fail to approve the statesmanship, for example, of our brethren, the Baptists, when they included in their great campaign in South Carolina \$2,000,000 for their schools and colleges, 42 per cent. of the total they are asking for. Here is insight, understanding and vision—a recognition of the needs of the future, and of the Church's duty and opportunity.

"All this is only said to keep us thinking steadily upon the General Conference order for a Church-Wide Educational Campaign in the second half of the quadrennial. Of course, almost everybody agrees that it should have been carried along with the Centenary. But this was not done, and the best thing now to do is to begin to gird ourselves for the most important task our Southern Methodism has had in its history—for the first time adequately to equip our institutions for their great missions."

Respectfully submitted,

J. R. T. MAJOR, *President*;

#### Report of the Board of Education—No. 2.

Your Board has received from the Board of Managers of the Epworth Orphanage their report, which we have gone over carefully. We note the various improvements that have been made during the past year with much pleasure, and express the hope that the management may continue to have the confidence of the Methodist public, and ever-increasing financial gifts from our people until every important need is fully met. The paramount need of the institution at present, and the improvement that should be made during the coming year, is a better equipped and more commodious school building. We realize that conditions are such that large building enterprises are impracticable, if not impossible. Yet we hope that our good people will have such an interest in the mental welfare of the Church's children that the means for this much-needed building will be forthcoming.

J. R. T. MAJOR, *President*;  
L. E. WIGGINS, *Secretary*.

#### Report of the Board of Education—No. 3.

*Carlisle School.*—Your Board received the report of the Carlisle School after having completed Report No. 1, containing a digest of the reports from the other schools and colleges. We are glad to note many evidences of growth and prosperity of this institution. The enrollment to date for the present session is 242, which is ten more than the entire enrollment for the whole of the last scholastic

year. There are in the institution ten professors and instructors, receiving average salaries of \$950 and living. This represents an increase of 60 per cent. within recent years. The total income of the institution during the past year was \$44,500, derived from school fees and Conference assessments. The total value of grounds, buildings and equipment is \$125,000. This school has an endowment of \$5,000, with an indebtedness of \$12,100, which represents a reduction of indebtedness during the past year of \$1,200. The moral tone of the student body is encouragingly good and improving. There are five students preparing for the ministry. The Christian life of the student body is fostered by an active Y. M. C. A., Bible study classes and special evangelistic services. Religious pedagogy textbooks are used in the Bible classes. The co-educational feature of this school has been discontinued in the boarding department. There is an urgent need for larger equipment and more room.

*Emory University.*—Your Board is glad to report that despite the war conditions which prevailed during the first half of the scholastic year 1918-19, Emory University has continued to prosper. The total enrollment of students in all departments for the past year was 692, a gain of 180 over the preceding year. This university stands in need of two additional dormitories, one for the School of Liberal Arts and one for the "James H. Carlisle Teachers College." We are glad to note that the enrollment of students in the theological department is large and increases yearly. The endowment funds of the university have increased during the year by no larger amount than \$56,860. In Emory University the Methodists have a chance to give to the Southern States east of the Mississippi River a really great university. Its assets now aggregate somewhat more than \$3,500,000. To make a fair start there should be added \$5,000,000, as declared by the General Conference of 1918. With its assets thus increased its financial strength would then be far less than the strength of any of a score of universities in the North and West. But with that much it would be securely founded, and its speedy growth would be assured.

*Department of Ministerial Supply and Training.*—The report of the Secretary of this department discloses the fact that the number of men being admitted into our Conference has been gradually decreasing during the past few years. The number admitted has been less than the number lost. In 1918 we admitted 193 preachers and lost 259. The number received on trial has steadily decreased from 329 in 1910 to 193 in 1918. The need for more preachers and better equipped preachers was never greater in the history of our Church. For these reasons we recommend to this Conference the following:

1. That our Lord's method of supplying our pulpits be followed, namely, prayer to the Lord of the harvest that he will send forth laborers into his harvest.
2. That every Sunday school be requested to properly observe Vocation Day.
3. That every pastor be urged, in accordance with the law of our Church, to preach at least one sermon a year in every pulpit on the claims of the Christian ministry; and that this be followed by personal work among the young men of his congregation.
4. That our preachers be requested to speak on the subject of the ministry to the pupils of the schools and colleges accessible to them.

5. That the authorities of our colleges and schools give cordial welcome and assistance to the Life Service Campaign conducted this session among students by the Centenary Commission of our Church.

6. That our examining committees keep the law of the Church, and recommend only those for admission on trial who have a diploma of full graduation from a standard high school or academy, or who have made equivalent advancement in their studies.

Your Board endorses most heartily the plans that are being made for the great educational drive next year, and requests that the Conference, by its adoption of this report, put itself on record as endorsing these plans and pledge its earnest co-operation in the carrying of them out.

Respectfully submitted,

J. R. T. MAJOR, *President*;  
L. E. WIGGINS, *Secretary*.

#### Report of the Board of Education—No. 4.

Your Board has received from the Board of Managers of the *Southern Christian Advocate* the following report, and endorses most heartily the recommendations at the close.

J. R. T. MAJOR, *President*;  
L. E. WIGGINS, *Secretary*.

#### Report of the Board of Education—No. 5.

Your Board endorses the following requests from our various institutions to the Commission on Education, which has charge of the campaign for raising fund of \$23,000,000 for the educational institutions of our Church. These askings represent their minimum needs. They should have at least these amounts:

*Wofford College*.—\$500,000 for endowment, \$100,000 for a new dormitory, \$50,000 for combined gymnasium and Y. M. C. A. building, \$50,000 for repairs, \$50,000 each for Wofford Fitting School and Carlisle School.

The Board of Education has considered the report of the Trustees of Lander College with reference to the need of two additional buildings, and recommend the following resolutions:

### Report of the Sunday School Board.

This year has marked the beginning of new things in the Sunday school work of our Conference.

With some hesitancy your Board recommended that you employ a Field Secretary, and an elementary worker for their entire time. You adopted the plan and have supported the work so splendidly that the wisdom of the course has been more than vindicated. The results have been very gratifying.

Many features of their work deserve special mention, but the most important and far-reaching was along the line of teacher training. Four schools have been held, three of which were standard. About four hundred pupils took teacher training courses, a large percentage took credit certificates, thus showing the high class of the work accomplished.

This, we think, is a fine beginning and opens the way for larger things. We recommend that this most vital work be given every encouragement possible.

We regret that so many of our schools failed to observe Sunday School Day. The educational value of these programs, properly carried out, cannot be overestimated. We recommend that every school observe it and make it, as its name implies, Sunday School Day.

We note with pleasure the announcement that the editors of our Sunday school literature will hereafter use along with the other, the King James version of the Bible in our lesson texts.

We urge all our schools to use our own literature. There is none better for Southern Methodists. We recommend a large circulation of *The Visitor* and *Our Boys and Girls*.

We welcome the appearance of *The Church School*, a new monthly periodical of principles and methods, which is intended for our pastors, superintendents and teachers. This is the successor to *The School Standard*.

We concur in the plans of the General Sunday School Board for Sunday School Evangelism, and pledge our best efforts in carrying forward this all-important work.

Your Board respectfully asks the Bishop to make the following appointments: L. F. Beaty, Assistant Sunday School Editor; L. D. Gillespie, Sunday School Field Secretary.

Respectfully submitted,

L. F. BEATY, *Chairman*;  
A. E. HOLLER, *Secretary*.

### Sunday School Board—No. 2.

The Board requests the publication of the addresses of the Sunday School Superintendents in the Minutes.

L. F. BEATY, *Chairman*;  
A. E. HOLLER, *Secretary*.

### Sabbath Observance.

Your Committee is profoundly convinced that the temporal and spiritual welfare of a people is vitally connected with its views and uses of the Holy Sabbath. It is the coronation day of martyrs and

the green oasis where pilgrims halt at the hour of worship for reverent thought, spiritual refreshment and holy repose. The growth and glory of nations in all ages can be traced along the pathway of their reverence for God's holy day, and the downfall of mighty empires leaves its wreckage in the trail of irreverence and desecration.

We believe that a proper observance of the Sabbath is humanity's only savings bank, and the strong hinge on which the fortunes of nations swing. We deplore any laxness of view that makes possible the questionable customs of our time and seeks to popularize departures from the old paths of its reverent observance. Part of this laxness may be accounted for in the feeling of uncertainty which has been created by the circulation of pernicious literature concerning the day which we observe.

We urge, therefore, first, that the sacredness of God's holy day be diligently inculcated in our homes, our schools and our churches, and that every detracting and distracting custom be repressed with earnestness and vigor.

Second, that our people be warned against the deceptive Seventh Day literature which seeks to undermine their faith in the holy day which God saw fit to restore on the evening that our Redeemer rose from the dead.

J. E. MAHAFFEY,  
R. S. TRUESDALE.

#### Bible Society.

We know that the Bible is the Word of God. It is "God's message to the human soul." It is, therefore, of prime necessity that this Word of God be put into all the languages of men, and in great abundance.

For this very purpose the American Bible Society came into existence. The Society has not only stood for this cause, but has in a very large measure accomplished the task.

Its success in the past has been largely due to the fact that Protestant Churches of the land have given their support to the organization. Let us continue the good work.

The amount collected this year is \$1,153.80.

J. G. HUGGIN, *Chairman.*

Your Committee recommends for the supernumerary relation, M. G. Latham.

We recommend for the superannuate relation, J. F. Anderson, M. M. Brabham, R. F. Bryant, Marion Dargan, J. N. Isom, L. L. Inabinet, J. W. Neely, J. B. Traywick.

Board of Missions Report—No. 1.

After listening to a resolution from the Board of Trustees of the Textile Industrial Institute, followed by an earnest appeal from the President. D. E. Camak, and several of the Trustees, asking for an appropriation of \$5,000.00, to be used as follows: \$2,500.00 for current expenses and \$2,500.00 for the erection of a temporary barracks for men, your Board of Missions would recommend:

First. That a special campaign of two weeks be ordered in all the churches of the Conference, to secure funds for the running expenses of the T. I. I., and that the South Carolina Conference be requested to put on a similar campaign at the same time; and that this campaign be under the supervision of J. C. Roper and D. E. Camak.

Second. That the General Board of Missions be requested to take over the T. I. I.

Third. That the General Board of Missions be asked to establish a Christian Workers' Training School on the campus of the T. I. I.

O. M. ABNEY, *Secretary*.

Board of Missions Report—No. 2.

We note with pleasure the healthy growth in missionary interest during recent years, and are humbly grateful for the success of the Centenary movement. "God hath done great things for us, whereof we are glad." But we should not be unmindful that this only brings greater opportunity and added responsibility. These pledges are to be collected. Stewardship, Life Service and Intercession must be cultivated to make permanent the success of the Church. Special emphasis needs to be placed on a Conference-Wide revival, when the Holy Spirit shall have the right of way and many souls shall be "born again." "It is not by might or by power, but by my Spirit, saith the Lord." The Church needs to pray as never before and get in close touch with the God of our fathers, when revival fires continued to burn and family altars were conspicuous in their humble homes.

The cardinal doctrines of Christianity need to be preached more and more, and our people called to more earnest prayer.

Your Board of Missions would therefore urge:

First. That the Conference place special emphasis on the great Evangelical Campaign planned by our Chief Pastors and leaders, and do all within our power to lead souls to Christ and extend His kingdom.

Second. That we seek to cultivate Stewardship, Life Service and Intercession.

J. W. SPEAKE, *Chairman*;

O. M. ABNEY, *Secretary*.

Board of Missions Report—No. 3.

Your Board of Missions reports as follows:

We have received \$15,347.32 on the assessment for Conference Missions and for specials on Conference Missions, \$542.00; for Foreign Missions, \$13,653.30; Foreign Mission Specials, \$4,619.01.

We wish to commend the efficient labors of the Conference Missionaries, and recommend that they continue to make quarterly reports to the Board of Missions.

We also would commend Rev. J. C. Roper, Conference Missionary Secretary, for his efficient labors during the year, and convey to him our sincere thanks and appreciation for making the Centenary drive such a great success.

We recommend that all specials for Conference Missions be turned over to Rev. Otis A. Jeffcoat, Treasurer of the Board of Missions.

Rev. J. L. Harley, Conference Evangelist, reports 13 meetings held in seven months, 246 sermons preached, 87 reunited with the Church by vows, and nearly \$1,000.00 contributed for his support.

We respectfully request the presiding Bishop to appoint Rev. J. C. Roper, Conference Missionary Secretary, for another year, and Rev. J. L. Harley, Conference Evangelist. We recommend the continuance of R. E. Babb as Conference Lay Leader.

Board of Christian Literature.

When Methodism was born our great leader recognized the need of the printed page. The printing press was brought into use for the dissemination of Christian Literature, and the service that has been rendered Methodism by this means is inestimable. We have learned anew in the Centenary Campaign the value of the printed page, for without it we never would have known the sweeping victory that has cheered and encouraged our hearts. Your Board of Christian Literature earnestly desires to bring some matters of grave importance to your attention.

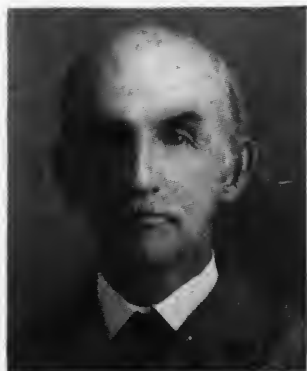

I. *Periodicals*.—This Board is delighted that our *Southern Christian Advocate* is now in its home, and that its circulation has been so materially increased within the last few months. We also desire to express our delight that the management is now rejecting patent medicine and other objectionable advertising matter. We urge our pastors to continue the campaign for new subscribers.

Our Church is beginning the greatest evangelistic campaign in her already marvelous history. Our hearts yearn for the salvation of lost men. We rejoice to read of the spreading of revival fires.

In order that a larger number of our Church membership may know the progress of the revival throughout the bounds of this State, and thereby be inspired to greater efforts, we recommend that the Board of Managers of the *Southern Christian Advocate* furnish this paper for four months, beginning in January and continuing through the evangelistic campaign, for the sum of fifty cents, and that we put forth strenuous effort to put the *Advocate* in every Methodist home; and, further, that frequent reports of the progress of the revival be sent the *Advocate* from the pastoral charges. We respectfully request the South Carolina Conference concur in this action.

*The Christian Advocate*.—In our judgment, the *Christian Advocate* has never been better than it is now. We regret to report that this most excellent periodical was published during the past year at a financial loss, and we urge our pastors and the laity to subscribe for and read this publication.

We heartily recommend the following periodicals of our Church to all our people: *The Methodist Quarterly Review*, *The Missionary Voice*, the *Epworth Era* and *The Young Christian Worker*.

II. *Sunday School Literature*.—We hail with delight the appearance of the new Sunday school periodical, *The Church School*. Its careful reading will contribute both information and inspiration to our Sunday school workers. We hope it will have a large and ever-encouraging circulation.

We earnestly urge that our own Sunday school literature be used in every school, for there is none better. We regret to note the unfortunate use of the American Revised Scripture text which was used recently in our Sunday school literature, and hope that a satisfactory remedy will be made, and are pleased to know that this change will be made.

We recommend that the primary and junior classes in all our schools make constant use of our catechisms.

In order that our people may become more familiar with the doctrines and history of our Church, we further recommend that the pastors of this Conference read good books on these subjects and commend them to the people.

Respectfully submitted,

W. B. GARRETT, *Chairman*;  
M. K. MEADORS, *Secretary*.

#### Board of Temperance and Social Service.

Two papers were referred to us and have had our careful consideration. One was a statement of James Cannon, Jr., Chairman, and Daniel Morton, Secretary, Commission of Temperance and Social Service, M. E. Church, South. From it we quote two paragraphs:

#### MUST CLINCH PROHIBITION VICTORY.

The ratification of the Federal Constitutional Prohibition Amendment is a cause for great rejoicing by all lovers of human progress. The nation has branded the liquor traffic as an outlaw, as the enemy of the economic, social and moral welfare of the people. But the outlaw is still insolent and defiant, declaring openly the purpose to multiply and then repeal the law. Our warfare is not yet ended,

but our people under the wise leadership of the Anti-Saloon League of America and the Woman's Christian Temperance Union must clinch the prohibition victory by the adoption of effective law enforcement legislation and the election of officials who will detect and punish all violations of the law.

#### WORLD LEAGUE AGAINST ALCOHOLISM.

We, furthermore, rejoice that a great world league against alcoholism has been founded. Our own Church, through its Commission, has had a very active part in this great movement, and the Chairman of our Commission has been elected Chairman of the Executive Committee of the World League. The United States, as the first great prohibition nation of the world, must of necessity take a leading part in extending the frontiers of sobriety throughout the world. The World League against alcoholism will be the efficient ally of every Mission Board.

Mindful of the lack of time in Conference and of space in its Minutes, we refrain from quoting this statement in full, but purpose to request its publication in the *Southern Christian Advocate*, and do urge the largest possible use of its contents in our pulpits, Sunday schools and homes.

The second paper before us was that read before the Conference by Jno. O. Willson, signed by him and Jas. W. Kilgo. The following sentences from the paper are hereby made a part of our report:

The Upper South Carolina Conference recognizes with solicitude the condition of our country. The unrest and disorder threatens the peace and prosperity of all, and hinder the advancement of the Kingdom of God in our midst. Settled conditions must come, for "God is in His heaven and all is right with the world."

We sympathize sincerely with all that labor, and count ourselves in this class. Labor has a right to work in peace, to organize lawfully and to use right measures to secure a living wage, comfortable homes, protection of life and property and all other rights belonging to humankind. We do not believe that it has the right to supersede government and to institute government by class. We trust that those who are in authority will uphold constitutional government everywhere and always. We view with grave apprehension the lawlessness prevailing. Lawlessness, especially lynching, does not secure protection against crime, and tends to break down the safeguards of the country. We deplore lynching. South and North, and call upon our people to set themselves like a stone wall against these violations of justice and the general welfare of the State.

We have noted with pleasure the general good conduct of our people of all races. Only the criminal element and the excitable of our people threaten the welfare of our country and commonwealth. Especially do we know that in the South white people and negroes must dwell together, and all considerations make it best that we should dwell together in peace. The great body of negroes in our midst—with few exceptions—have deserved our good will and gratitude. Where they have been undisturbed by unwise agitators and counselors they have done well. We believe that they are entitled to our protection and to the means of living in comfort and the developing and uplifting their manhood and womanhood. They are entitled to better homes, to better education, to fair compensation for their labor, to justice in the Courts and everywhere.

We will endeavor to secure the betterment of the negroes in our midst that the race may advance through the years in safety and happiness.

We are ready to do all that we can for the negro, and all that we can to bring about stable conditions in our commonwealth and country, and to do these things we pledge ourselves for the welfare of humankind and the service of our Lord Jesus Christ.

In concluding this, the first report of this newly created Board, we earnestly urge our preachers and our people to do all in their power to apply the agencies of Methodism's wonderful organizations and the teachings of the Gospel of Jesus Christ to the betterment of all social conditions, condemning such as gambling in all its forms, vice or social impurity, immodest apparel, indecent moving pictures, and the modern dances, and to the development of civic righteousness, the spread of the kingdom. The Bible or Bolshevism? Christ or Chaos?

E. P. TAYLOR, *President*;  
WM. S. MORRISON, *Secretary*.

#### Epworth League Board.

One year ago we were looking in the face of great difficulties. But we are able to report that a better condition of affairs exists today. We have at present 68 chapters in the Conference, 30 of which have been organized this year, several of them in our largest churches. District institutes have been held in all the districts of the Conference. Our people are realizing the importance of the Epworth League. This is the day of opportunity for the League. In the time in which we live the Epworth League can be of invaluable service to the Church.

The League is in a position to impress the features of our great Missionary Centenary—Intercession, Stewardship and Life Service—upon the young life of the Church. This in itself will be of far-reaching effect.

Five months ago your Board secured Rev. James E. Ellis for Field Secretary of the Epworth League of the Upper South Carolina Conference. Brother Ellis has put his soul and strength into the work. He has visited 57 churches, organized 22 new League chapters, revived several chapters that were ready to die, and talked hundreds of times, and traveled several thousand miles. It was chiefly through his efforts that an institute was held in each district. He has done a splendid work, a work that will continue to bring results from his seed sowing.

Your Board voted unanimously its sincere thanks to Brother Ellis for his efficient and faithful service. We also wish to thank the Conference for the assessment for the League that was granted last year.

Especial attention of the pastors and laity is called to the importance of League District Institutes, the Conference at Columbia College, the Assembly at Junaluska, and we urge as large attendance upon all of these as possible.

Respectfully submitted,

A. L. GUNTER, *President*;  
R. E. SHARPE, *Secretary*.

## MEMOIRS.

## Waddy Thompson Duncan.

This year was marked by events of unusual sadness. On March 27, 1919, Rev. Waddy T. Duncan finished his work and passed to the home above. On April 20, 1919, his wife, Mrs. Rebecca Green Duncan, fell on sleep and joined him in the city of God! Both were buried at Fountain Inn, S. C.

Waddy Thompson Duncan, son of Benjamin Franklin and Emiline Duncan, was born in Anderson county, S. C., May 18, 1867; was brought up in the nurture and admonition of the Lord and was taught first the things of God; was further educated at Patrick Military Institute and Wofford College. Graduating at Wofford in June, 1894, he entered the South Carolina Conference at the end of the year. His call to preach was clear and final. He looked to this high vocation for years, but was not licensed until a little while before his graduation at college. His first appointment was to his home people—those who had known him from his birth. They received him as warmly and profited as fully as they could have done under the ministry of experienced strangers. From year to year he was steadily advanced until in December, 1905, he was appointed to Cokesbury District—one of the youngest among us ever entrusted with such charge. But here, as elsewhere, he made good. After a year on Cokesbury District he was sent to Sumter District and served there four years. About the year 1909 his health failed. He was never a well man again. While he seemed to improve, his strength did not come back, and an attack of influenza last winter brought the end.

Brother Duncan was a preacher of unusual gifts and grace. His messages were thoughtful and effective. Handsome in face and form, his presence added to the effectiveness of his preaching. He was heard with pleasure and had success in winning men to Christ, and in building up the Church. He was a great reader and gathered wide information on all subjects, especially pertaining to the Kingdom of God. He was the only man I ever knew who read daily the *Congressional Record*.

Our brother married early; first to Miss McDonald, of Anderson county, in 1894, and after her death to Miss Rebecca Green, of Sumter county, on December 15, 1898. He and his wife were not divided in their deaths, but almost together passed to their reward. A son and two daughters survive them. The Lord be Father and Mother to them!

Our departed brother served for a time as trustee of Wofford College, and was also at one time a member of the Board of Managers of Epworth Orphanage. In both his judgment and service were valuable.

Only a little more than 50 years Brother Duncan lived—only 25 years it was our privilege to have his service. His was a short life, but he lived long enough to be widely loved and missed. We sorrow, but have consoling hope.

JOHN O. WILLSON.

## Rev. David Petus Boyd.

Reverend David Petus Boyd answered the last call of his Lord and Master Sunday night, November 2d, 1919, at Lancaster, S. C., in the home of his son, David Albert Boyd. Brother Boyd was the youngest son of Rev. Mark Moore Boyd and Elizabeth Epting Boyd. He was born in Newberry county, S. C., September 14th, 1848. He was, therefore, a little more than seventy-one years of age when the heavenly summons came. He was preceded to the spirit world by his parents and all his brothers and sisters, except his youngest sister, Mrs. Fannie Riser, of Walterboro, S. C.

Brother Boyd was most happily married December 24th, 1868, to Miss Sarah Caroline Thompson, of Newberry county, S. C. Of their three children only one, David Albert, survives him, with the wife of his youth, and while they mourn as they sit under the shadow of this great sorrow, they have a sure hope that he is now at rest with his Lord, whom he so ardently loved and so loyally served.

Brother Boyd was a real Christian from childhood. He joined the Methodist Church when at the age of ten, and at sixteen passed into a state of sweet assurance. While young he was impressed with a call to enter the ministry, and although he deferred this matter, he did not backslide, as he was constantly engaged in some church work, as steward, Sunday school superintendent or engaged in song and other most helpful work in revival meetings. But in 1881, while I was pastor on the Saluda Circuit, he became melancholy and could not see why God had taken away his peace. I was enabled to lead him to see that it was because he refused to go forward and preach the gospel as the Holy Spirit was moving him to do. After much prayer, he went forward and took up the work. He was licensed to preach at Emory Church in July, 1882; it was during that memorable District Conference held there. He served as Junior Preacher with me on Saluda Circuit during 1883, and was admitted into the South Carolina Conference at Sumter December, 1883. For the first twenty-three years he served only six charges, in every one, with one exception, the full four years, which was an unusual record. Since then, because of failing health, he has not served any work so long. His health continued to grow worse and he was placed on the honored roll of the retired; for the last few years of his life both body and mind gave way, but his spirit remained calm and full of divine peace.

Brother Boyd was a deeply spiritual man, a good preacher, his ministry was marked by signal success, gifted with song, a deeply sympathetic nature, a manly man, a real friend. He was my friend all the way from young manhood, and I know that friendship will go on in the heavenlies.

When Pet. Boyd went away, he was the last of the preachers of that interesting family of preachers that has given us preachers continuously for more than a century. What a shout of triumph when all that family meet in our Father's home. His tired and wasted body was laid to rest in the cemetery at Lancaster, S. C., his pastor, Rev. E. R. Mason, assisted by Rev. W. F. Gibson, conducting the funeral services.

"We laid the Pilgrim in a chamber  
Whose window looketh toward the East,  
And the name of that chamber is Peace."

## James Herbert Thacker.

Rev. James Herbert Thacker, the subject of this sketch, was born April 28th, 1862, of pious parentage. His father was a minister of the gospel, and his early training was under the best Christian influence. The War Between the States having left his father a physical and financial wreck, made it practically impossible for him to aid his ambitious and promising son in obtaining an education. Not to be daunted by this misfortune, he entered the Preparatory Department of Wofford College at twenty-two years of age, and thus began an heroic struggle for an education that has had few equals in the history of that great institution. By doing the janitor's work and other small jobs during the college sessions, and by selling books and teaching school during his vacations he succeeded by close economy in making money enough to support himself. He finally finished his college course and not without honor, and received his diploma in June, 1891. He was then twenty-nine years old. His career under such adverse circumstances should prove an inspiration to all young men thus handicapped by poverty and misfortune in aspiring to obtain a college education.

Brother Thacker, like many others, did not surrender at once to the call of God to preach the gospel, though he felt the call immediately after his conversion. He tried to evade the issue by reading law and studying medicine, promising God to do liberal things with all the money he could make from either profession he would choose; but God had called him to preach and not to make money. After quite a long struggle, one morning before day he surrendered his life to the call of the Master. He never wavered after he made the surrender, but like the great apostle, he ever afterwards "pressed toward the mark for the prize of the high calling of God in Christ Jesus." A few days after his graduation in June, 1891, he was appointed by the Bishop to supply the North Greenville Circuit, to fill an unexpired term.

Having decided to join the South Carolina Conference, he was received on trial at the session of the conference held in Darlington, S. C., December, 1891, together with the following young men: Alexander N. Brunson, Andrew Jackson Cauthen, C. Hovey Clyde, John D. Crout, J. Clarence Spann and William C. Winn. He was ordained Deacon by Bishop Granbery at Darlington, S. C., December, 1891, and Elder by Bishop Hargrove at Sumter, S. C., December, 1893.

A mere recital of the appointments for the many years he served the Church on circuits and stations would be but a small part of the splendid and efficient service he rendered his Church. In the very midst of his career, in the very prime of his ministry, disease attacked him, and at the conference in Charleston in 1910 he asked for the superannuate relation. It was no doubt the saddest hour of his life when he felt forced to retire from the active work, and the scene will not be forgotten by many of us when he bade farewell to his brethren. His health having improved he was restored to the effective list after two years of superannuation. He rejoiced to get back into the active ranks, but he was never a well man again, and while he rendered faithful service in the several years that followed, yet his work was often done under difficulty and oftentimes in pain.

Brother Thacker was a man of splendid physique and fine personal appearance; robust and hearty, until stricken with disease. He made a brave fight, but the odds were against him. His last

charge was Lancaster Station, where he had served very acceptably for about six months when the end came. He held his last public service at prayer meeting on Wednesday, May 14th. The following afternoon his wife found him unconscious in his study. He never rallied again, but grew weaker each day, and the following Sunday morning went home.

Brother Thacker was a most zealous worker and faithful pastor. He made strong and lasting friendships in every charge he served and was ever recognized as a true man of God. His sermons always showed careful preparation, were well delivered and sometimes with unusual effect. He loved to preach and the people loved to hear him. His pastorates not only marked spiritual growth, but strides in material development. In many of his charges, churches or parsonages were either built or repaired. The work of the Lord always went forward in his hands.

He was most happily married to Miss Annie M. Goddard, of Laurens county, S. C., July 15th, 1891. He was most fortunate in the selection of a life companion, for she has proved a true and faithful helpmeet in all his ministry. Their devotion to each other was striking and their home life unusually beautiful. The writer of these lines enjoyed the hospitality of this Christian home many times, and he does not speak with idle words. Seven children were born of this union, four girls and three boys. Five of the children with the mother survive him. One son died in infancy and a beautiful daughter, in the prime of young womanhood, preceded him to the better land by only one month. No doubt the death of this beloved daughter, to whom he was devotedly attached, hastened the end. The grief was more than his feeble and failing body could stand. May the God of all grace keep these sorrowing loved ones until they shall all meet again in the house of many mansions.

His body rests in the cemetery at St. Matthews, S. C., until the resurrection morn.

#### Reuben Lawson Duffie.

Reuben Lawson Duffie was born in Blackstock, Chester county, January 7th, 1840. As a boy, he felt the call to preach, and requested his father to help him secure an education which should equip him for his high calling. His father, a school teacher, taught him Latin and Greek in addition to the usual branches of education, and had prepared him to enter college when the war came on. The unusual conditions at the close of the war prevented him securing further education.

Brother Duffie served throughout the war. He was once wounded and was for part of the time assigned to light duty.

April 12, 1864, he wedded Miss Ella Stott. Eight children were born to them. Mrs. Duffie and all of the children survive him. He was admitted on trial at the Marion Conference, in December, 1866, under Bishop Wightman. His name is second on the Chronological Roll of our Conference, as it now stands. The South Carolina Conference then embraced part of North Carolina, and his first appointment was to Charlotte Circuit. He served Heath Springs, Abbeville Circuit, Waccamaw Circuit, Conway Circuit, Effingham, Salters Circuit, Georgetown Circuit, East Lancaster Circuit, Columbia Circuit, and then was sent back to Georgetown

Circuit, where he found it necessary to take the superannuate relation. Two years later Brother Duffie undertook work, but after two years on the Walhalla Circuit, was forced to give up the itinerancy, in 1891.

Brother Duffie served large, hard circuits during the trying conditions following the War Between the States. His experiences remind one of the pioneer days of Asbury's preachers. Some of the older members of Walhalla Circuit recall to this day, nearly thirty years after his pastorate, the persistence with which he battled against bad roads and distance in reaching the most out-lying homes of the large territory. He was successful as a soul winner, and I have heard him state there were several years in which over one hundred members were gathered into the Church.

He resided most of the time after his superannuation at Westminster. In the beautiful hill country at the foot of the Blue Ridge he passed the evening time of life, known and loved by many. His influence for good did not end when he left the itinerancy. There were often calls to preach or demands were made for his counsel. His pure, cheerful life was a sermon in itself. During the three years of our acquaintance, I came to appreciate indeed the privilege of his friendship and encouragement. The end came peacefully and not unexpectedly on January 2, 1919.

The earthly service of our brother is done. The tired body has entered its rest, while the spirit has entered its real life on high. In that other land he has received the approval of his Lord; he has been welcomed by many who through his labor have been brought to that land; he knows full well that good was sown in his old fields, and that his labor has not been in vain in the Lord.

Servant of God, well done.

Thy glorious warfare's past;  
The battle's fought, the race is won,  
And thou art crowned at last.

With saints enthroned on high,  
Thou dost thy Lord proclaim,  
And still to God salvation cry,  
Salvation to the Lamb!

Come, Lord, and quickly come,  
And when in thee complete,  
Receive thy longing servants home,  
To triumph at thy feet.
